## Welcome to Jersey the perfect place for a **PERFECT WEDDING**

Jersey is a truly magnificent island spanning 45 miles, with a multitude of choices for your wedding/reception venue, from the regal surroundings of medieval castles, the solemnity of ancient heritage sites, the charm of manor houses to the luxury of some of the finest hotels and you can be assured of all our venues providing you with experienced, friendly advice and excellent service. This guide aims to inspire you and provide all the information to help you make these important decisions.

Jersey's contrasting scenery of lush green countryside, granite cliffs, golden beaches and panoramic views that sweep across blue seas to our neighbouring islands and the coast of France, provides the ideal

romantic setting for your wedding and the opportunity for capturing those special moments, for you to remember forever.

If you are considering Jersey as a wedding away from home you will find that we have the added benefit of being within easy reach of the UK and mainland Europe, which means that you can bring so many more of your family and friends to share your special day and with Jersey being the warmest place in the British Isles you will still feel a million miles from home.

## The introduction of civil marriage in APPROVED PREMISES

Couples can now marry at 'premises' approved by the Constable of each of the island's twelve parishes. These premises include Jersey's castles, heritage sites, manor houses, many of the island's larger hotels and various other venues. It is possible for a private home to apply for approval for a one off marriage for a family member.

Couples wishing to marry in approved premises will need to make their own arrangements with the management. Having agreed on the date and time of the marriage the couple must call on the Superintendent Registrar at the Register Office in the Royal Square to arrange for their marriage licence. Couples will have to produce their full birth certificates and if previously married their divorce decree absolute or if widowed the death certificate of their late spouse. They will be required to collect their marriage licence three working days before their marriage.

Marriage in approved premises will be celebrated either by the Superintendent Registrar, his deputies or his delegates. It will be the responsibility of the management of the approved premises to ensure that there is a delegate available to celebrate their marriage. Couples may request a particular delegate to celebrate their marriage with the agreement of the Superintendent Registrar and the management of the approved premises.

Couples may have a ceremony of their choice provided that at some stage of the ceremony they make the declarations stipulated in Article 20 of the law and that no religious service is being used during the civil marriage. Couples may wish to have music or non religious readings such as poetry and should consult the Superintendent Registrar of their desired format and on the music and readings that would be available.

## The JERSEY WEDDING experience

In order to marry in either The Office of the Superintendent Registrar, Approved Premises or in a non-Anglican Church a licence must be obtained from the Superintendent Registrar.

Persons wishing to obtain a marriage licence must produce copies of full birth certificates, that is the long form certificate with details of parents recorded on it and if either party has been previously married documentary proof of freedom to marry. A divorced person must produce a court sealed and certified copy of the Divorce Decree Absolute or Final Decree. A Widow must produce both a wedding certificate as well as the death certificate of her late husband. A widower, however need only produce the death certificate of his late wife. Persons under the age of sixteen are not permitted to marry. Persons between the age of sixteen and eighteen must obtain written consent of both parents or guardians before a marriage licence can be issued. For parents or guardians resident in the island the consent must be given in the presence of the Superintendent Registrar, for parents or guardians who live outside the island the consent may be given on a form which is provided by the Superintendent Registrar.

All documents in a language other than English must be accompanied by an officially certified translation into the English language. Those who have changed their name by deed poll or statutory declaration must send a copy of that document.

## Obtaining your wedding licence

One or both parties to the marriage may call in person at the Office of the Superintendent Registrar and give formal notice of their intention to marry. They must, at this time, produce the original copies of the documents referred to previously.

Alternatively a couple may apply to the Superintendent Registrar for a Notice of Marriage form and make an application to marry by post. The completed forms must be returned to the Superintendent Registrars during the three months preceding the date of the marriage. The Registrar will request that the form be returned approximately one month before the date of marriage but no less than 10 working days before that date.

The Notice of Marriage form must be accompanied by the required documents and appropriate fees. The parties to the marriage will be advised to present themselves at the Office of the Superintendent no less than three working days before the date of the marriage to collect their marriage licence and to complete the formalities

For non-British citizens wishing to marry in the island the Superintendent Registrar advises that where one or both parties to the marriage are citizens of a country other than the U.K. they should ensure that the laws of their own country are observed to ensure that any marriage contracted in Jersey is recognised in their country. In this connection the advice of the consul or Consular Agency for the country in question should be sought. In addition citizens of countries outside the EEC wishing to marry a British Citizen should ensure that their immigration status permits them to marry.

All non-EEC citizens should check that they have the necessary immigration clearance before coming to the Island.

## Recognition of foreign divorces

A divorce decree issued outside the United Kingdom is only recognised in Jersey if, at the date of the institution of the divorce proceedings in the country in which it was obtained, either spouse was habitually resident in, or if that country uses domicile as a ground of jurisdiction in matters of divorce, domiciled in that country, or was a national of that country; or if the divorce is recognised as valid in the country of the spouse domicile.

All such persons are advised to contact the Immigration Department, Maritime House, La Route du Port Elizabeth, St Helier, JE1 1JD.

Your wedding will be made even more memorable set against the backdrop of one of Jersey Heritage's beautiful historic venues. Whether you plan to have a simple, intimate ceremony or the elaborate wedding of your dreams we have the perfect venue for you.

### Victoria College

Dating from 1852, the main college building is a fine example of Gothic Revival architecture and is an iconic St. Helier landmark. Civil wedding and partnership ceremonies for up to 200 guests can be held in the majestic Great Hall or more intimate ceremonies for up to 60 in the panelled De Quetteville Library. After the ceremony, drinks receptions can be held on the sweeping lawn in front of the college with panoramic views over St. Helier, whilst the hall is transformed into an impressive and elegant reception venue for up to 130 guests.

### Mont Orgueil Castle

Built in the 13th century to protect the Island against the French, this dramatic castle towers over the harbour at Gorey. The jewel in Jersey's crown, it is one of the best-preserved castles in Britain and one of the most photographed sites in the Island. With spectacular views of the Island's east coast and across the sea to France, it makes the perfect backdrop for a wedding ceremony or reception.

### La Hougue Bie

One of the finest examples of a Neolithic site in Europe, La Hougue Bie is set in beautiful and peaceful grounds, dominated by a grassed mound, which is topped by the chapel of Notre Dame de la Clarté, built in the 12th century. Civil wedding and partnership ceremonies can take place on site on the beautiful rose covered veranda and small religious ceremonies can be held in the chapel. Wedding receptions can be held in a marquee in the shade of mature trees in the grounds.

### Hamptonne

Located in the heart of Jersey's countryside, Hamptonne is a collection of fine traditional farmhouses dating back to the 15th century. Boasting original architectural features, Hamptonne makes an idyllic setting for civil wedding and partnership ceremonies, whilst receptions can be held in a marquee overlooking the meadow.

### Jersey Museum - The Merchant's House

No 9 Pier Road adjoins the Jersey Museum and is one of the finest examples of a restored 19th century town house in Jersey. Civil wedding and partnership ceremonies are held in the beautiful gas-lit Victorian drawing room. The Merchant House Brasserie is an ideal location for wedding receptions. In the summer the walled courtyard, adorned with lavender and vines, is a beautiful and peaceful refuge in the heart of St Helier.

### Elizabeth Castle

For 300 years Jersey was defended by this impressive fortress built on an islet in St Aubin's Bay. Civil wedding and partnership ceremonies are held in the Governor's House, which was built in the 1590s. Sir Walter Raleigh was its first resident and it was where Charles II lived during his short stay in the 1640s. This beautiful building has a large terrace, perfect for drinks after your ceremony, and is located near the top of the castle where the views are fantastic.
